27. (1) Every housing finance company shall, after taking into account the degree of well

defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes, namely :-

- (i) Standard assets;
- (ii) Sub-standard assets;
- (iii) Doubtful assets; and
- (iv) Loss assets.

(2) The class of assets referred to above shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for the upgradation.

Provisioning requirement

28. Every housing finance company shall, after taking in to account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets as provided hereunder:-

Loans, Advances and Other Credit Facilities Including Bills Purchased and Discounted

(1) The provisioning requirement in respect of loans, advances and other credit facilities including bills purchased and discounted shall be as under:

| (ii) Doubtful Assets | <p>(a) 100% provision to the extent to which the advance is not covered by the realisable value of the security to which the housing finance company has a valid recourse shall be made. The realisable value is to be estimated on a realistic basis;</p> <p>(b) in addition to item (a) above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20% to 50% of the secured portion (i.e. estimated realisable value of the outstandings) shall be made on the following basis:-</p> <table border="0" style="margin-left: 40px;"> <thead> <tr> <th style="text-align: left;"><i>Period for which the asset has been considered as doubtful</i></th> <th style="text-align: left;"><i>% of provision</i></th> </tr> </thead> <tbody> <tr> <td>Up to one year</td> <td>20</td> </tr> <tr> <td>one to three years</td> <td>30</td> </tr> <tr> <td>More than three years</td> <td>50</td> </tr> </tbody> </table> | <i>Period for which the asset has been considered as doubtful</i> | <i>% of provision</i> | Up to one year | 20 | one to three years | 30 | More than three years | 50 |

| More than three years | 50 | | | | | | | | |
| (iii) Sub-standard Assets | A general provision of 10% of total outstanding shall be made | | | | | | | | |
| (iv) Standard Assets in respect of non-housing loans | A general provision of 0.4% of the total outstanding amount of non-housing loans which are standard assets shall be made. | | | | | | | | |

Lease and hire purchase assets

(2) The provisioning requirements in respect of hire purchase and leased assets shall be as under:-

Hire purchase assets

(i) In respect of hire purchase assets, the total dues (overdue and future installments taken together) as reduced by the finance charges not credited to the profit and loss account and carried forward as unmatured finance charges and the depreciated value of the underlying asset, shall be provided for.

Explanation

For this purpose, the depreciated value of the asset shall be notionally computed as the original cost of the asset to be reduced by depreciation at the rate of 20 percent per annum on a straight line method. In the case of second hand asset, the original cost shall be the actual cost incurred for acquisition of such second hand asset.

Additional provision for Hire Purchase and Leased assets

(ii) In respect of hire purchase and leased assets, additional provision shall be made as under :

- (a) Where any amounts of hire charges or lease rentals are

overdue up to 12 months	Nil
(b) Where any amounts of hire charges or lease rentals are overdue for more than 12 months but up to 24 months	10% of the net book value
(c) Where any amounts of hire charges or lease rentals are overdue for more than 24 months but up to 36 months	40% of the net book value
(d) Where any amounts of hire charges or lease rentals are overdue for more than 36 months but upto 48 months	70% of the net book value

NOTES

(1) The amount of caution money/margin money or security deposits kept by the borrower with the housing finance company in pursuance of the hire purchase agreement may be deducted against the provisions stipulated under clause (i) above, if not already taken into account while arriving at the equated monthly installments under the agreement. The value of any other security available in pursuance to the hire purchase agreement may be deducted only against the provisions stipulated under clause (ii) above.

(2) The amount of security deposits kept by the borrower with the housing finance company in pursuance to the lease agreement together with the value of any other security available in pursuance to the lease agreement may be deducted only against the provisions stipulated under clause (ii) above.

(3) It is clarified that income recognition on and provisioning against NPAs are two different aspects of prudential norms and provisions as per the norms are required to be made on NPAs on total outstanding balances including the depreciated book value of the leased asset under reference after adjusting the balance, if any, in the lease adjustment account. The fact that income on NPA has not been recognised cannot be taken as reason for not making provision.

(4) An asset which has been re-negotiated or rescheduled as referred to in paragraph 2(1)(zc) of these directions shall be a sub-standard asset or continue to remain in the same category in which it was prior to its re-negotiation or reschedulement as a doubtful asset or a loss asset as the case may be. Necessary provision is required to be made as applicable to such asset till it is upgraded. In case where an asset has been rescheduled on account of natural calamities having impaired the repaying capacity of the borrower as provided in second proviso to paragraph 2(1)(zc), any provisioning made prior to such rescheduling shall neither be written back nor adjusted against any provisioning requirements that may arise in future.

(5) All financial leases written on or after April 1, 2002 attract the provisioning requirements as applicable to hire purchase assets.

(5) Every housing finance company shall, separately disclose, in the 'Notes on Accounts' to the Balance Sheet in its next Annual Report,

- (a) the details of the levy of penalty, if any, imposed on the housing finance company by the National Housing Bank; and

(2) The total Tier-II capital, at any point of time, shall not exceed one hundred percent of Tier-I capital.

Explanations:

On balance sheet assets

(1) In these Directions, degree of credit risk expressed as percentage weightages have been assigned to balance sheet assets. Hence, the value of each asset/item requires to be multiplied by the relevant risk weights to arrive at risk adjusted value of assets. Hence the face value of each item requires to be first multiplied by the relevant conversion factor to arrive at risk adjusted value of off-balance sheet item. The aggregate shall be taken in to account for reckoning the minimum capital ratio. This shall have to be again multiplied by the risk weight of 100.
