Tata Tech in talks with Morgan Stanley, US funds ahead of IPO

M SRIRAM
Mumbai, November 9

TATA TECHNOLOGIES IS in talks with Morgan Stanley Investment Management, Blackrock and some US hedge funds to invest in its initial public offering at a valuation of \$2.5 billion, two sources with direct knowledge of the matter said.

Part of conglomerate Tata Group, the company provides engineering services for companies in the auto and aerospace sectors, among others.

Its IPO will be the first in two decades for a Tata Group company, which has many listed businesses, including in the auto and steel sectors.

Ahead of its planned \$350-375 million IPO, Tata Technologies is holding talks with US

asset managers Ghalisal Capital, Oaktree Capital and Key Square Capital, as well as Blackrock and Morgan Stanley for possible participation in the deal.

Oaktree declined to comment while Tata and the other investors did not respond to requests for comment.

These funds are eyeing

a profitable company with scale, that is driving demand," the first source said.

The talks are assessing Tata Technologies' valuation to be \$2.5 billion now, around 25% higher than last month when TPG picked up a 9.9% stake in a pre-IPO fundraising.

Tata's IPO to sell a 14-15% stake in the IPO is seeing "more investor interest than expected", the first source said, explaining the quick valuation uptick.

The offer will open for subscriptions around November 21, both sources said, in what could be one of India's biggest IPOs this year after condomaker Maruti and an e-commerce-owned Nexus Malls. The company hopes the stock will make its trading debut by late November. —REUTERS

Jewellers see 10% rise in gold sale on Dhanteras

JEWELLERS ARE CAUTIOUSLY optimistic about gold demand on the Dhanteras day on Friday and expect a 10% increase in gold jewellery and bullion sales amid a sharp rise in gold prices in view of geopolitical developments.

Gold prices have shot up by more than 2.0% since last Dhanteras to nearly ₹61,000 per ten grams. Gold prices in Delhi were ruling at ₹50,139 per ten grams, excluding taxes, on last year's Dhanteras, while at ₹47,644 on 2021 Dhanteras festival.

The auspicious occasion as the most important for buying items like precious metals, utensils and other valuables. Many people also buy vehicles. In normal years, about 20-30 tonnes of gold is sold on Dhanteras day.

"There is an 8-10% annual rise in gold prices. And people have accepted the base price of gold at ₹58,000 per ten grams. We are expecting 10% increase in sales volume this Dhanteras from over the last year," All India Gems and Jewellery Domestic Council chairman Saiyam Mehra told PTI.

No pay hike for Wipro top brass

He added that the global economy is uncertain, and there is deep growth across the IT services industry, with customers being cautious with their IT budgets.

During the July-September quarter, Wipro had missed estimates on the consolidated net profit as well as the revenue front. Its net profit was down 7.5% sequentially at ₹2,667 crore, while consolidated revenue was 1.4% lower at ₹22,516 crore. The company's growth was the weakest among its

peers during the quarter. The decline in revenue was primarily due to the continued weakness in the banking, financial services, and insurance (BFSI) vertical, as well as the company's high exposure to consulting at a time when discretionary spending has plummeted.

For the October-December quarter, Wipro expects a revenue decline of 3% to 3.5% to 1.5% in constant currency basis.

In July, Wipro and HCLTech had deferred salary hikes for their employees from the second to the third quarter.

HCLTech had then said

that it will skip compensation for senior employees this financial year.

Usually, IT firms like Wipro and HCLTech give salary hikes during the second quarter of the fiscal.

In October, US-based IT major, Accenture, which also reported a below estimate earnings, had said that it will not be paying out hikes to its employees in India and Sri Lanka this year, except in few critical skill areas and where it is legally mandated.

On his part, Archer's chief

commercial officer Nikhil Goel said India is one of, if not the largest opportunity for eVTOL aircraft utilisation in the world as the country is home to the world's largest population of over 1.4 billion people and its largest cities face some of the greatest congestion challenges in the world.

Archer Aviation is backed by the likes of Boeing, United Airlines and auto major, Stellantis.

Interestingly, Boeing is developing its own eVTOL Wisk, which it says will be the world's first, self-flying, autonomous all-electric four-seater taxi.
